[www.rallybc.com/html/regulations.html](http://www.rallybc.com/html/regulations.html)

#### Addresses and Directions

Are included at the end of the Supplementary Regulations

## Venue

The Howl at the Moon Novice TSD Rally is a Rally for anyone that is thinking of getting into the great sport of rally. Use the car you drive everyday, you just have to go slower. TSD Rally is a great way to get out and enjoy some great scenery and meet some great people and test your driving skills. The Rally is going to start on 1<sup>st</sup> Ave. downtown in front of the Mohawk. This is going to be a late afternoon/night TSD Rally with 1 hour introduction to the sport of rallying. This TSD Rally will be close to 400km long with very few transits. You will want to have good lights and a Navigator that can handle the extra abuse that goes with a night rally. It may be a Novice Rally but big money goes to the winner. \$1000.00 to the winner of the Get Real Rally Novice TSD series: best 3 out of 4 Rally's wins the cash. Howl at the Moon is Round 2. You are going to love it boys and girls, make sure your ODO is on and you remember to bring a red light..... I will do my part; we guarantee the Howl at the Moon Novice TSD Rally will hook you on the sport of Rally.

Location to be announced very soon

First Car Back

4:30am

## Type

This is going to be a late Spring Rally, be prepared for all conditions. The roads will be close to 20% pavement, 80% gravel.

**Required equipment:**

1 self-supporting, reflective warning triangle (30cm per side), first aid kit (minimum contents defined by the BC rally regulations), 5BC fire extinguisher, open cars require a roll bar. Additional lights on the front should meet legal requirements as to type and mounting height; and must be wired to the high beam lights such that the additional lights turn off when switching to low beam. Fog lights may be wired independently.

**Recommended equipment:**

Gravel/Snow Tires tires, map light, driving lights, warm clothing, shovel, tow rope, Full size Spare tire, accurate digital time piece.

**Mandatory First Aid Kit*****Mandatory Vehicle First Aid Kit***

Courtesy of St. John Ambulance website - [First Aid Kit](#)

**Important note on safety equipment:** The regulations on minimum mandatory first aid equipment have been updated for 2006. Because our events take place on remote roads, far from medical help, in the unlikely event of an accident involving injury, the first people on the scene will be other competitors, and they will be the people best positioned to administer first aid. To that end, where the regulations used to require only a basic first aid kit, contents undefined, RPM has now defined what must be in that kit:

|                                      |   |
|--------------------------------------|---|
| 10 Cleansing Wipes                   | 10 Butterfly Closures                   |
| 25 Adhesive Bandages 1.9cmx7.5cm     | 6 Cotton Tip Applicators                |
| Knuckle Bandages                     | 1 Tongue Depressor                      |
| 4 Fingertip Bandages                 | 2 pair Vinyl Gloves                     |
| 2 Gauze Pads 5cmx5cm                 | 1 pair Scissors 14cm                    |
| 3 Gauze Pads 7.5cmx7.5cm             | 1 First Aid Pocket guide                |
| 3 Gauze Pads 10cmx10cm               | 1 Adhesive Tape 2.5cm x 4.5m            |
| 1 Elastic Gauze Bandage 5cm x 4.5m   | 1 pair Tweezers                         |
| 1 Elastic Gauze Bandage 7.5cm x 4.5m | 1 Cold Compress                         |
| 1 Pressure Bandage 10cmx10cm         | 3 Triangular Bandage - 2 extra over kit |
| 1 Abdominal Pad 12cmx22cm            | 2 Space Blankets - additional           |
| 2 Oval Eye Pads                      | <b>(SOS not required)</b>               |

**Timing:**

The rally will be divided into a number of legs, and is divided into Transit stages and Regularity stages. Transit stages give a stage time that is adequate for completing the stage well within posted speed limits. Your time will not be recorded in Transit stages. Regularity stages list specific average speeds, which are below posted speed limits, and which you must maintain in each part of the stage. Timing controls will be in Regularity stages only, and will not be placed within 200 meters of stop signs or busy intersections. Procedure when approaching a control is simply to drive straight past without stopping. The control official will record your time. For double-checking the results, you may wish to note the time and mileage at each control but this is not required. Your timing in these stages determines your score. Each control will have a penalty free zone one second each side of perfect time. A penalty of 1 point per second beyond this zone is assessed at each control. The lowest score wins. The maximum penalty at a control is 300 points (5 minutes) to a maximum of 600 points (10 minutes) in any one regularity section. Control officials will remain in place at least until all remaining cars are beyond 10 minutes late. Ties will be broken by the most zero scores, then the most 1 second penalties, etc.

Trophies and prize money will be awarded, for overall position and according to the classes laid out for Get Real Rally Novice Series: **Calculator:** Accessory odometers, non-programmable calculating devices that are not driven by a wheel. Howl at the Moon is Round two of the Get Real Rally Novice Series 2006.
