RACING PRODUCTS

PIAA Corporation, USA has generously provided promotional support of the event.

For the competitors and volunteers, there will be 2 (two) sets of PIAA 80 PRO XT SERIES Halogen lamps to be drawn off to at the awards banquet.

All competitors will be required to place a pair of PIAA decals on the front fenders (as close to the front as possible) of the rally car. Decals will be provided at registration. They will be available in either black or white. The dimensions are 13" x 3".

If PIAA is an existing sponsor of your vehicle, please see Ken to receive an alternative special set of reflective PIAA decals for you're your car.

PIAA representatives will be attending the event. Please help the organizers extend a warm welcome to them when you meet them during the event.

We thank PIAA for their support and the opportunity to promote their company and their products.

Thank you for your co-operation.

Update: June 15, 2005

Further to the current support from PIAA Corporation, USA – we are pleased to announce that additional support has been offered.

Given the expected rain conditions this weekend, PIAA has offered to outfit* all competitor rally cars and course cars with PIAA Super Silicone Wiper Blades to improve visibility and promote safety. These will be available for installation at scrutineering on Saturday morning. PIAA representatives will be there to assist with installations.

PIAA Super Silicone Wiper Blades is a product from their Racing Division. It features activated silicone-coating action, revolutionary beading action and the highest quality silicone rubber compound. More information about this product at: <http://www.piaa.com/WiperBlades/silicone.html>.

We thank PIAA for their increased support and the opportunity to promote their company and their products.

Thank you for your co-operation.
